Features

Whatever your pleasure, Cedarbrook is your private retreat away from home...

Cedarbrook, built in 1997/98 sits cosily among Trembling Aspens, Majestic Birch and Ash, Whispering Pines and of course Stately Cedar. Approaching Cedarbrook, you will access the winding driveway under the cedar, past the babbling brook to your destination. There you will be warmly welcomed by your hosts Pat and Ray.

During your stay, enjoy the serenity of this undiscovered jewel of Ontario. Enjoy a leisurely stroll, follow the paths around the 4.5 acres. Walk beside the babbling brook where many species of birds abound within the rich abundance of flora and fauna.

Don't be surprised by the aroma of freshly baked bread and home made jam(s) on the table too!

Breakfast

Plan to enjoy the full English-style breakfast consisting of: juice, fruit, cereal and toast.

Accompanied by the now famous traditional bacon, eggs, savoury sausages, fried mushrooms, tomatoes and tea or coffee, this is *not* a 'Continental donut breakfast'!

Upper level

On the main level, 3 spacious bedrooms are available to choose from. Shared washroom, powder room, large breakfast room, great room, well equipped guest pantry, spacious decks, and immaculate grounds are included.

Lower level

Cedarbrook's walkout lower level is adorned by 2 spacious bedrooms, shared European spa-style washroom, very large and well equipped entertainment room, large screen t.v., walk-out deck, ping-pong table, and a cozy fireplace.
